An orange robotic arm is the central focus, extending from the top left towards the center right. It has a black cable running along its length. The background is a dimly lit industrial or laboratory environment with metal frames and a poster on the wall. The poster has the title 'Robotic Operation' and some diagrams. The overall lighting is dramatic, with strong highlights on the robot's joints and deep shadows elsewhere.

Why choose TMU?

Whether you have a clear vision for your future or you're still figuring it out, Toronto Metropolitan University (TMU) is the place for you. In Toronto's downtown core, you'll find unparalleled opportunities to learn, work and play on every block. Here, you'll be immersed in the vibrancy and diversity that can only be found in Canada's most multicultural city.

For more than 75 years, students just like you have chosen TMU, gained real-world experience and then gone on to change the world.

Now, it's your turn.

Expand your comfort zone

Where do scientists, creatives, lawyers, engineers, entrepreneurs and industry leaders come together to build the impossible? In the world's leading university-based incubator network: Zone Learning at TMU. Our on-campus network of innovation and entrepreneurship is where you'll make real-world connections, learn how to turn ideas into innovations, discover skills you didn't know you had and maybe even launch a startup of your own.

Learn more at torontomu.ca/zone-learning.

A woman with long dark hair, wearing an orange short-sleeved shirt and a green patterned wristband, is looking at a smartphone in her hands. She is in a workshop or studio setting with several mannequins wearing denim jackets with floral patterns. The background shows industrial-style ceiling lights and pipes.

Toronto is in the “Dish with One Spoon Territory.”

The Dish With One Spoon is a treaty between the Anishinaabe, Mississaugas and Haudenosaunee that bound them to share the territory and protect the land. Subsequent Indigenous Nations and peoples, Europeans and all newcomers have been invited into this treaty in the spirit of peace, friendship and respect.

Out-of-province and transfer students

If you're joining us from a province or territory outside of Ontario, or a country other than Canada, you'll need to show evidence that your education is equivalent to the Ontario Secondary School Diploma (OSSD) with six Grade 12U/M courses. We'll consider all Grade 11 final marks and Grade 12 interim/final marks in our assessment (where applicable).

Canadian secondary schools

For a full list of prerequisites and equivalencies for Canadian secondary school systems, please visit torontomu.ca/admissions/undergraduate/requirements/canadian.

International secondary schools

For more detailed information about key international systems of study, including American School System/Advanced Placement, British-Patterned Education (GCE), Caribbean (CAPE), China, French-Patterned/Baccalauréat, International Baccalaureate (IB), India (CBSE/CICSE), Türkiye and others, please visit torontomu.ca/admissions/undergraduate/requirements/international.

TRANSFER STUDENTS

Post-secondary transfer students

If you've completed some post-secondary education, you may be eligible for transfer credits toward your TMU degree. We also offer tailored degree completion pathways with upper-year entry points in some disciplines. To learn more about transfer options, visit torontomu.ca/admissions/undergraduate/requirements/transfer-student.

Advanced secondary transfer credits

The following advanced secondary courses may be considered for transfer credits: A Levels (GCE), Advanced Placement (AP College Board), Caribbean Advanced Placement Exam (CAPE), French-Patterned/Baccalauréat, International Baccalaureate (IB) and CEGEP. Conditions and limitations apply to transfer credits. For more information, visit torontomu.ca/transfer-credits.

International students

International students are a vibrant part of the diverse and inclusive TMU community. With more than 4,000 international students from 140 countries and counting, TMU has the experience and the resources to support our international students.

Additional information about applying to TMU for international students can be found at torontomu.ca/international/admissions and a dedicated team of international staff is ready to answer your questions at international@torontomu.ca. Email us for a direct response from our team or schedule a one-on-one virtual meeting with the dedicated international recruitment officers for your region to get answers to all your questions.

ENGLISH LANGUAGE PROFICIENCY

If you're required to provide proof of English language proficiency, see the minimum requirements outlined in the chart below.

Visit torontomu.ca/admissions/undergraduate/requirements/english-language for full details.

	IELTS	TOEFL	DUOLINGO	CAEL	PTE	CAMBRIDGE ASSESSMENT ENGLISH
All Engineering and Science programs except Computer Science and Architectural Science	6.5	83+ iBT	120	60	60	180 and above on C1 Advanced and C2 Proficiency
All other TMU programs, including Computer Science and Architectural Science		92+ iBT		70		

TMU ENGLISH LANGUAGE INSTITUTE (ELI)

If you're academically qualified for TMU, but need to improve your English, ELI can help. The Pre-English Boost + English Boost 16-week program, or the intensive 8-week English Boost program, can help you to meet our English proficiency requirements just before you start a TMU undergraduate program. The ESL Foundation Programs offer one- or two-term (four- or eight-month) options if you need more help (depending on your placement score) and you can also complete up to three courses that count toward your degree. Learn more at torontomu.ca/english-language-institute.

TORONTO METROPOLITAN UNIVERSITY INTERNATIONAL COLLEGE (TMUIC)

Located on campus in downtown Toronto, TMUIC offers pathways into undergraduate programs at TMU for international students who need support to meet TMU academic requirements. TMUIC offers multiple start-term options, with the ability to progress into university-level programs in Arts, Business Management, Creative Industries, Engineering, International Economics and Finance, Professional Communication and Science. UTP Stage II courses prepare students for entry into second-year studies at TMU. Learn more at torontomuic.ca.

JANUARY ADMISSION

Select TMU programs offer winter admission, with a January start, to international students. For more information, visit torontomu.ca/international/admissions/how-to-apply/january-start.

Apply to TMU

Before you apply, check the admission requirements for your chosen program(s) on the TMU website (torontomu.ca/admissions/undergraduate/requirements) and make sure you have taken (or plan to take) the prerequisite courses to satisfy these requirements. Some programs have more competitive (higher) admission averages. Generally, you need an overall average of 70% in six Grade 12U/M courses (or their equivalent) and all programs require a Grade 12 English course (or equivalent).

Step 1: Submit your application

When you're ready to apply, visit the Ontario Universities' Application Centre (OUAC) website at ouac.on.ca. If you're not studying full-time in an Ontario secondary school, you can check torontomu.ca/admissions/undergraduate/apply for other available application methods.

Step 2: Upload required documents

We'll acknowledge your application via email; then you can activate your TMU Online Identity and get access to the ChooseTMU Applicant Portal. This is where you can upload supporting documents, non-academic requirements and other information.

Note: If you're a current Ontario secondary school student, your grades are submitted by your guidance counsellor directly to the OUAC.

Step 3: Apply for scholarships and awards

Once you have access to the ChooseTMU Applicant Portal, you can also log in to AwardSpring (torontomu.awardspring.ca) to apply for scholarships and awards. Many scholarships have application deadlines.

Step 4: Check your status, watch your email

Login to your ChooseTMU Applicant Portal to check the status of your application and to view official documents (such as your Offer of Admission). When communications from us remain unread, we'll send you an email reminder.

Important date for fall 2025 admission

February 1, 2025 is the guaranteed consideration deadline. Complete applications received by this date will receive equal consideration for fall 2025 entry. Non-academic requirements are also due February 1 or within 10 days of the application, whichever is later (see individual program web pages for more details).

FAQs

When will I receive an Offer of Admission?

Most programs make offers on a rolling basis. Generally, early offers are based on very strong Grade 11 and/or first-semester Grade 12 academics. Grades-plus programs with non-academic requirements may make offers later depending on evaluation of the various elements (auditions, portfolios, etc.).

What does it mean to be on a wait list?

Some popular programs receive many more applications than available spaces. If you applied by February 1, you will be notified by late May if you have been placed on a wait list. If you are placed on a wait list, you may be contacted at any time up to the beginning of classes regarding an offer, subject to space availability.

Paying for your education

SCHOLARSHIPS AND AWARDS

We have many scholarships and awards available for you and we strongly encourage you to apply. For details and deadlines, check out torontomu.ca/admissions/scholarships-awards.

Guaranteed renewable scholarships

Depending on your final admission average, you may automatically qualify to receive a guaranteed and renewable entrance scholarship.

\$3,000 PER YEAR UP TO \$12,000 TOTAL

95%+ final entry average

\$1,500 PER YEAR UP TO \$6,000 TOTAL
